Social Work Program- Application to Field Practicum

Central State University’s Social Work Program requires all applicants for admission to field practicum to complete the following application. Falsification or omission of information relevant to questions within this application may constitute grounds for denying you admission to the program or termination of your participation in the program if falsification or omission is discovered after your practicum begins. Further, after you have submitted the application, while your application is being considered, or while you are a participant in the program, if circumstances occur that would cause you to change and of your responses, you must then inform the Social Work Program Director of the situation.

The following questions within this application are asked about your required field site accommodations and strengths. If you have special needs, please include it with your field application and a letter from the CSU Disability Resource Center detailing any necessary accommodations. Note that we will require you to sign a consent form to release information in order to communicate this information with the agency.

Some field agencies require background checks to determine if you have been convicted of a felony or appear on a child abuse registry. The national registry and your driving record may also be requested. Please be aware that you may be asked to bear the cost ($25 – 40) of these background checks. You may also be required by an agency to consent to a urine drug screen prior to beginning the field placement.

If you have any past criminal charges, please inform the Field Coordinator and consent to an open discussion. Some agencies may be prohibited from accepting you as an intern. Please keep in mind that a history with a drug or felony conviction may limit your options for placement. After three attempts with no success, you may have to reconsider your professional choices.
