HOUSING AND DINING CREDITS UPDATE

July 1, 2020

The Office of Cash Management would like to thank the Central State University student body for being understanding and patient while we continue processing the housing and meal credits. Unfortunately, due to technical issues, we were not able to disburse the credit/refund to all accounts by the June 30th deadline. Please note that we are working diligently to have the remaining applicable accounts processed by July 8th. Additionally, individual refunds will be offset by the student’s outstanding balance. Thank you once again for your understanding and patience as we continue to work through this process during these unprecedented times.
