Subject: FLEXIBLE WORK POLICY

It is the policy of Central State University to provide flexibility in staffing that balances the operational demands of the University while continuing to deliver exceptional service to our students, faculty, and staff. The University strives to find ways to improve upon employee engagement, enhance job satisfaction, and empower leaders. Central State University will maintain a highly productive workforce that supports our ability to meet university goals.

SCOPE

This policy applies to all non-bargaining staff.

DEFINITIONS

Flexible Work Schedule

A schedule with starting and ending times of an employee's workday (workweek) for all or part of the workday (workweek) while maintaining University business hours.

Rotational

A schedule that includes both in-person on campus and work from home or other location during a workday or workweek.

Remote

Some or all work hours are completed at the employee's home or from another location away from campus.

Staggered scheduling

Alternate time to begin and end the workday.

Compressed workweek

A work week compressed into fewer than five workdays.

CONSIDERATIONS

Considerations for flexible work schedules, include but are not limited to:

- The work is considered official University business,
- All or significant components of the work can be done at the off-campus work site,
- Operational needs of the department are met,
- Full understanding of the operation of the department,
- The ability to set priorities and manage time,
- A history of reliable and responsible performance of work duties,
- Satisfactory personnel evaluations,
- Accessibility by telephone or videoconference during assigned work hours, and
- Completion of the Flexible Work Agreement.

REQUESTS

Any eligible employee may request a flexible work schedule. The employee must obtain his/her respective Vice President/Provost approval and also contact the Director of Human Resources concerning such request. The employee must complete the Flexible Work Agreement form and submit it for approval to the Vice President/Provost and the Director of Human Resources. The form must include the reason(s) for the schedule, including benefit(s)/advantage(s) for the University and the employee, information regarding University equipment, materials and resources needed to support the schedule, length of the schedule, location, hours of work, employee contact information, and other requested information deemed necessary by the University. All flexible work schedule requests for approval are made on a case-by-case basis. The Vice President/Provost reserves the right to approve or deny requests at his/her discretion. A flexible work schedule is not guaranteed to any employee and is subject to the considerations listed above.

Any flexible work schedule may be discontinued, at will, at any time at the request of either the employee or the University.

SECURITY

Consistent with the University's expectations of information security for employees working on-site, flexible work schedule employees will be expected to ensure the protection of University equipment and information security from their offsite location. **Under no circumstances shall data be stored or downloaded on an employee's personal computer.**

In the event of loss, misuse or theft of this equipment, Employee agrees to contact their local law enforcement and immediately report the incident (no later than 24 hours) to their supervisor. The employee must also immediately contact Marauder IT Services at (937) 376-6476. If legal action is necessary to regain possession of University owned equipment, software, data and/or supplies, Employee agrees to pay all costs of such action including attorney's fees, should the University prevail.

Employee agrees to return this property to the supervisor and/or manager no later than the close of business on the last day of employment with the University, or sooner as directed. All equipment supplied by the University will be inventoried and accounted for by informing Inventory Control. All equipment will be returned in a useable condition or the replacement value of the equipment may be deducted from the employee's last paycheck. **Signing this agreement authorizes the University to deduct from your last paycheck, if necessary.**

SAFETY

The employee will establish an appropriate work environment at the off-campus site for work purposes. The University will not be responsible for costs associated with the schedule of the employee's off-campus office such as remodeling, furniture or lighting, nor for repairs or modifications to the home office space. The University will not be responsible for moving furniture, equipment, or household belongings, nor for making any improvements or modifications to create the remote work location.

Employee agrees to designate a workspace within employee's remote location and maintain this workspace in a safe condition, free from hazards and other dangers to Employee and Central State University equipment. The remote work location must be free from distractions and disturbances from children, pets, family members and others.

MISCELLANEOUS

Tax and other legal implications for the business use of the employee's home are based on IRS and state and local government restrictions. The employee understands that he/she is responsible for tax consequences and other legal implications that may occur, including local zoning regulations.

Employees must attend meetings, training sessions, events, or occurrences.

A flexible work schedule is NOT designed to be a replacement for appropriate dependent care.

The availability of a flexible work schedule for employees can be discontinued at any time at the discretion of Central State University. The revocation or denial of a request for a flexible work schedule is not subject to any grievance procedure or legal action. Employee agrees to indemnify and hold the University harmless for any legal fees incurred as the result of any legal action taken by the employee.

Employees are expected to follow established University policies, procedures, and guidelines.

There shall be no additional pay for a flexible work schedule nor shall mileage be paid for transportation between an Employee's off campus site and University campus(es).

Flexible work agreements will be reviewed semi-annually.

APPROVAL

All flexible work schedules are approved at the sole discretion of the Vice President/Provost and Director of Human Resources. Not all flexible work schedules will be approved.
