Faculty Online Certification Training Program

Module Descriptions

Module A: Faculty will receive the necessary training to successfully navigate D2L. Faculty will need to demonstrate 80% mastery in order to be eligible to have access to Module B.

Module B: Faculty will Learn the underlying principles behind the QM Rubric and the critical elements of the QM quality assurance process. In addition to learning about the QM Rubric and the course review process, participants will learn to apply the concept of alignment. Earning the QM certificate is a pre-requisite for Module C.

Module C: Faculty will learn the basics of effective course design for both online hybrid and web enhanced courses while implementing Quality Matters design standards. Faculty will explore best practices in teaching online, hybrid and web enhanced courses while focusing on the theory and pedagogy of teaching online.
